Block grants now available to aquaculture producers

Commissioner of Agriculture and Forestry Bob Odom said \$4.5 million in long-awaited federal aid is now available to state aquaculture producers adversely affected by last year's brutal hurricanes.

"I'm glad the Louisiana aquaculture industry is getting the help it needs to be up and running strong again," Odom said.

"I hope those hardest hit by the hurricanes will be able to use this money to bring their businesses up to pre-Katrina and Rita levels or even better."

The Louisiana Aquaculture Block Grant Program funds were made available to the state from the United States Department of

Agriculture. The \$4.5 million will be administered by the Louisiana Department of Agriculture and Forestry and the USDA's Farm Services Agency.

The application period for producers in the Gulf Opportunity (GO) Zone is from June 30 through July 31. The application process for all other Louisiana aquaculture producers runs from July 31 through August 31.

"Any Louisiana aquaculture producer who was engaged in the production, raising, managing or harvesting of aquatic livestock under controlled circumstances on August 29, 2005, the day Katrina hit, could be eligible for the grant money,"

Odom said. "That includes catfish farmers as well as crawfish, reptiles, baitfish and other finfish growers, as long as they were raised in a constructed impoundment like a levee, pond bank or some kind of artificial embankment."

Food fish, baitfish, stocking fish, hatchery fish and ornamental fish fall under the finfish classification, Odom said.

Parishes in the GO Zone are Acadia, Allen, Ascension, Assumption, Beauregard, Calcasieu, Cameron, East Baton Rouge, East Feliciana, Evangeline, Iberia, Iberville, Jefferson, Jefferson Davis, Lafayette, Lafourche, Livingston, Orleans,

Plaquemines, Pointe Coupee, Sabine, St. Bernard, St. Charles, St. Helena, St. James, St. John the Baptist, St. Landry, St. Martin, St. Mary, St. Tammany, Tangipahoa, Terrebonne, Vermilion, Vernon, Washington, West Baton Rouge and West Feliciana.

Aquaculture producers are advised to contact LDAF Market Development Director Roy Johnson at 225-922-1280 or roy_j@ldaf.state.la.us for more information.

Rules and regulations for the Louisiana Aquaculture Block Grant Program and an application are available on the LDAF Web site at www.ldaf.state.la.us.

www.blueberry.org

4 oz. cream cheese
2 cups, divided blueberries (fresh or frozen)

8 eggs, beaten
1-1/2 cups milk
1/4 cup maple syrup
1/4 cup butter, melted

Preheat oven to 350°F. Remove crust from bread; cut into 1-inch cubes (makes about 10 cups). Cut cream cheese into small cubes. Grease a 9x9x2 baking dish. Place half of the bread cubes in the dish. Sprinkle cream cheese cubes and 1 cup of the blueberries over the bread. Top with remaining bread cubes and blueberries. In a bowl, combine eggs, milk, maple syrup and butter. Carefully pour over bread mixture. Bake until a knife inserted in the center comes out clean, about 1 hour, covering with aluminum foil if edges brown too much.
